

## Press Release - February 6, 2012

### Hampton Inn Binghamton/Johnson City Reopens on February 6

#### Property Completely Renovated After Fall Flooding

Johnson City, N.Y. (February 6, 2012) After flooding hit Johnson City last fall, it was time for a true extreme makeover to repair the damage at the very popular Hampton Inn.

"It was disheartening to see the damage that the flooding caused in the hotel," said Ashley Constable, Area Director of Sales for Pillar Hotels and Resorts. "But we launched a mission to bring the Hampton Inn Binghamton/Johnson City back and better than ever. I'm really excited about the new look and the grand reopening on February 6."

In the four months since the September floods, the dedicated Hampton Inn Binghamton/Johnson City team completely renovated the ground floor of the hotel. The cornerstone of the new look is the Perfect Mix lobby designed to bring guests together to connect and mingle with other travelers.

"The Perfect Mix lobby brings everyone staying in the hotel together in one central location full of very convenient amenities," said Leticia DaGama, General Manager of the Hampton Inn Binghamton/Johnson City. "It is truly the new social hub of the hotel."

The newly redesigned lobby features a community-style bar-height table with convenient power outlets that allows guests to huddle and share information; collaborate on a business presentation or simply to gather together and decide the perfect tourist spots to check out during the day. Along with a spot to meet, the Perfect Mix lobby also features comfortable seating and a new 42-inch flat screen television perfect for unwinding after a busy day.

"We wanted to recreate the home living room in our hotel," DaGama said. "The Perfect Mix lobby is the ideal place for our guests to spend time together."

Along with the Perfect Mix lobby, the hotel offers guests On the House hot breakfast or Hampton's signature On the Run Breakfast bag for travelers in a hurry. It also hosts a state-of-the-art fitness center, and indoor heated pool and brand new business center with free printing services and high-speed Internet access.

The Hampton Inn Binghamton/Johnson City, conveniently located near Binghamton University and Broome Community College, has 63 spacious guest rooms perfect for business travelers and visiting tourists. The hotel offers complimentary high speed Internet in the rooms along with brand new 32-inch flat screen televisions. It also participates in the Hilton HHonors frequent guest program offering points for visitors as well as special perks for valued preferred level members.

The hotel is located at 630 Field Street in Johnson City with convenient access to Interstate 86. For more information about the Hampton Inn Binghamton/Johnson City, or to make a reservation for a stay in our newly renovated hotel, please call 607-729-9125 or visit our website at [www.binghamtonjohnsoncity.hamptoninn.com](http://www.binghamtonjohnsoncity.hamptoninn.com).
